

## Returning Home: Former Users Find Their Way Back to e-Clmpact

e-Clmpact is a cloud-based system trusted by more than 130 United Ways, Foundations, and Municipalities across the U.S. and Canada to manage their community impact work, including accepting and reviewing funding proposals, tracking grant awards, and evaluating performance.

While the system offers users a wide range of technical features and tools that make their jobs easier, the connection is much deeper. Here’s why former users advocate for investing in e-Clmpact in their new positions –

- Access to a wide range of system features and tools
- Flexible and customizable content
- Continual upgrades based on user feedback – *at no extra cost!*
- Proven history of quality services and support
- Superior customer service
- Focus on listening and addressing needs
- Ethical business practices
- People first mentality
- Upfront pricing; no hidden fees

*"We used e-Clmpact at a previous United Way I worked for and everyone loved it – agencies, staff, and volunteers. I recommended it without hesitation."* said Michelle Brown, United Way of the Blackhawk Region.

*"I was tasked with transforming our Foundation's funding process and knew e-Clmpact could help me do that based on my previous experience in the system. They always deliver on their promises."* said Kim Russo, The Fund for Greater Hartford.

*"I can't imagine doing my job without e-Clmpact. The Seabrooks team is beyond compare– they are always there for me when I need them!"* said Laura Cisneros, Best Beginnings.

*"I was spoiled by the 'Seabrooks Experience' – the system and their staff are like trusted, reliable friends. I know I can count on them."* said Keith Sarber, United Way of Elkhart County.

*"Nothing compares to e-Clmpact."* said Maribeth Janssens, United Way of North Central Massachusetts and Community Foundation of North Central Massachusetts.
